PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience engineering enterprise web applications using C#, ASP.NET Core, and Angular. Specializes in building secure RESTful APIs, optimizing relational database queries in Oracle and SQL Server, and delivering maintainable frontend architectures. Experienced across agile development cycles from architectural design to production deployment.

WORK EXPERIENCE

Software Developer | Wipro Ltd, Mumbai, India 2024-07 - 01-01-2027

- Developed backend services and REST APIs using ASP.NET Core to support banking transaction workflows and accounting reconciliation modules.
- Engineered responsive single-page application features using Angular (v16-v18) and TypeScript, implementing reactive forms and state management.
- Wrote and tuned stored procedures, complex joins, and query execution plans in Oracle Database, reducing data processing turnaround times.
- Engineered Migration of web form ASP.NET application into ASP.NET core web application.
- Collaborated with product managers and QA engineers in bi-weekly sprint cycles to translate business specifications into technical requirements.
- Resolved multiple critical production issue.
- Key Impact:** Migrated legacy batch-processing jobs into asynchronous background services, eliminating UI request timeouts during peak month-end reconciliations.

Technologies: C#, ASP.NET Core, Angular, Oracle SQL, REST APIs, Git, CI/CD Pipeline

Associate Software Developer | R24 Bharat, Jharkhand, India 2022-09 - 2024-03

- Implemented business logic and CRUD endpoints in news publishing system.
- Engineered  Built features for content management including image and text-based news posting.
- Maintained database schema migrations and relational tables using SQL Server.
- Resolved critical production defects identified in error monitoring tools, conducting root-cause investigations and deploying hotfixes.
- Key Impact:** Streamlined Git version control workflows and branch protection policies for an engineering team of 3 developers.

Technologies: C#, ASP.NET Core, Angular, SQL Server, Entity Framework, Git, Swagger

EDUCATION & CREDENTIALS

Bachelor of Engineering in Computer Science and Engineering | Visvesvaraya Technological University, Bengaluru, India

2016-08 - 2019-08
GPA: 6.7 / 10.0•First Class

Diploma of Engineering in Computer Science | SBTE Ranchi, Jharkhand, India

2012-08 - 2015-07
GPA: 7.33/10.0•First Class

CORE COMPETENCIES & SKILLS

Programming Languages: C#, SQL
Frameworks & Libraries: ASP.NET Core, Angular, Entity Framework Core, Antigravity
Databases: Oracle Database, SQL Server
Domain Knowledge: REST APIs
Developer Tools: Git, Postman
DevOps & CI/CD: Git Action
General Technical: Antigravity AI

TECHNICAL PROJECTS

PG Management (C#, ASP.NET Core, SQL Server, Git) github.com/imsudhirraj/PG_Management_App
Full-stack audit tracking application providing audit logs, compliance reports, and role-based permissions.

- Engineered JWT-based token authentication with secure refresh token rotation and granular claims verification.

CERTIFICATIONS

JUNIOR SOFTWARE DEVELOPER — NASSCOM 2018-01

KEY ACHIEVEMENTS

- Winner – Fashion Show:** Recognized for winner at fashion show in BIT Bangalore (2019)

LANGUAGES

English (Professional), Hindi (Native)

DECLARATION

I hereby declare that all the information furnished above is true and correct to the best of my knowledge and belief.
